Tools

1. Trello

Used for SRS and SDS management to keep track of work progress and minutes of the meetings.

Kahanian Board:

Admin Login Credentials:

Email: hania@gmail.com

Password: haniaking

Use Cases:

Done:

Client-Side:

1. Login
2. Signup
3. Logout
4. Update Personal Information
5. Add to Cart

6. View Cart
7. Delete from Cart
8. Checkout
9. Email Subscription
10. Send a Query
11. View FAQs
12. View About Us
13. View Terms and Conditions
14. Give Ratings and Reviews
15. View Related Products
16. Delivery Charges according to city
17. Enter Voucher Code

Admin Side:

18. View Orders
19. View Subscribers
20. Filter Order Details
21. Export Orders as Excel File
22. View Queries
23. Update FAQs
24. Update About Us
25. Update Terms and Conditions
26. Add Voucher Code
27. View Voucher Code History
28. Filter Voucher Codes
29. View Subscribers
30. Add and Edit collections
31. Add and Edit products within collections
32. Block Reviews

Left:

1. Archive Collections - [This use case was added in SDS later]
2. Generate Sales Report - [This was a secondary use case, along with that the sale option is added but the admin cannot start a sale since that feature is under construction]
3. Archive Products
